

Gas Market Reports

The Gas Market Report has been fully reviewed and updated in the past month, leading up to and following the introduction of the new Wholesale Gas Market as of 1 February 2007. The April 2009 report contains price and withdrawal information reflecting the five intra-day price updates which occur within the new market, Unaccounted for Gas (UAFG), Retail Transfers and Allocated Injections at each major supply point.

VENCorp is continuously seeking feedback and ideas on the publication. If you would like to provide feedback on the report, or gain further information please email: helpdesk@vencorp.vic.gov.au.

Spot Market Price applies to daily imbalances between injections and withdrawals (does not include transportation charges).
